INVOKING MOVES

Move names are *italicized* when referenced by another move.

MAKING PROGRESS MOVES

Progress moves represent your attempt to act decisively to resolve a challenge or quest. They are marked in this index with an asterisk (*). When you make a progress move, roll the challenge dice and compare to your progress track. You cannot burn momentum on a progress move, and asset abilities do not contribute to a progress move unless specifically called out.

PAYING THE PRICE

When you suffer a cost on a move, you usually see a prompt to *Pay the Price*. This is a special move that lets you pick a likely negative outcome, roll on a table to see what happens, or use some other random prompt.

A costly outcome can involve a narrative consequence that complicates things for your character, or a combination of a narrative and mechanical cost. Depending on the situation, a negative outcome might be framed as a result of an error or misstep, or as an external event you had no control over.

Be mindful of pacing. Start with lesser consequences appropriate to the situation, and apply escalating danger and hardships if the failures stack up.

FACE DANGER

When you attempt something risky or react to an imminent threat, envision your action and roll. If you act...

- * With speed, agility, or precision: Roll +edge.
- * With charm, loyalty, or courage: Roll +heart.
- * With aggressive action, forceful defense, strength, or endurance: Roll +iron.
- * With deception, stealth, or trickery: Roll +shadow.
- * With expertise, insight, or observation: Roll +wits.

On a **strong hit**, you are successful. Take +1 momentum.

On a **weak hit**, you succeed, but face a troublesome cost. Choose one.

- * You are delayed, lose advantage, or face a new danger: Suffer -1 momentum.
- * You are tired or hurt: *Endure Harm* (1 harm).
- * You are dispirited or afraid: *Endure Stress* (1 stress).
- * You sacrifice resources: Suffer -1 supply.

On a **miss**, you fail, or a momentary success is undermined by a dire turn of events. *Pay the Price*.

SECURE AN ADVANTAGE

When you assess a situation, make preparations, or attempt to gain leverage, envision your action and roll. If you act...

- * With speed, agility, or precision: Roll +edge.
- * With charm, loyalty, or courage: Roll +heart.
- * With aggressive action, forceful defense, strength, or endurance: Roll +iron.
- * With deception, stealth, or trickery: Roll +shadow.
- * With expertise, insight, or observation: Roll +wits.

On a **strong hit**, you gain advantage. Choose one.

- * Take control: Make another move now (not a progress move), and add +1.
- * Prepare to act: Take +2 momentum.

On a **weak hit**, your advantage is short-lived. Take +1 momentum.

On a **miss**, you fail or your assumptions betray you. *Pay the Price*.

If you prefer the more robust *Starforged* version of *Secure an Advantage*, take this result on a hit.

On a **strong hit**, take both. On a **weak hit**, choose one.

- * Take +2 momentum
- * Add +1 on your next move (not a progress move)

GATHER INFORMATION

When you search an area, ask questions, conduct an investigation, or follow a track, roll +wits. If you act within a community or ask questions of a person with whom you share a bond, add +1.

On a **strong hit**, you discover something helpful and specific. The path you must follow or action you must take to make progress is made clear. Envision what you learn (*Ask the Oracle* if unsure), and take +2 momentum.

On a **weak hit**, the information complicates your quest or introduces a new danger. Envision what you discover (*Ask the Oracle* if unsure), and take +1 momentum.

On a **miss**, your investigation unearths a dire threat or reveals an unwelcome truth that undermines your quest. *Pay the Price.*

MAKE CAMP

When you rest and recover for several hours in the wild, roll +supply.

On a **strong hit**, you and your allies may each choose two. On a **weak hit**, choose one.

- * Recuperate: Take +1 health for you and any companions.
- * Partake: Suffer -1 supply and take +1 health for you and any companions.
- * Relax: Take +1 spirit.
- * Focus: Take +1 momentum.
- * Prepare: When you break camp, add +1 if you *Undertake a Journey*.

On a **miss**, you take no comfort. *Pay the Price.*

HEAL

When you treat an injury or ailment, roll +wits. If you are mending your own wounds, roll +wits or +iron, whichever is lower.

On a **strong hit**, your care is helpful. If you (or the ally under your care) have the wounded condition, you may clear it. Then, take or give up to +2 health.

On a **weak hit**, as above, but you must suffer -1 supply or -1 momentum (your choice).

On a **miss**, your aid is ineffective. *Pay the Price.*

RESUPPLY

When you hunt, forage, or scavenge, roll +wits.

On a **strong hit**, you bolster your resources. Take +2 supply.

On a **weak hit**, take up to +2 supply, but suffer -1 momentum for each.

On a **miss**, you find nothing helpful. *Pay the Price.*

CHECK YOUR GEAR

When you check for a specific helpful item, and you have at least 1 supply, roll +supply.

On a **strong hit**, you have it. Take +1 momentum.

On a **weak hit**, you have it, but your resources are diminished. Take +1 momentum and suffer -1 supply.

On a **miss**, you don't have it and the situation worsens. *Pay the Price.*

UNDERTAKE A JOURNEY

When you travel across hazardous or unfamiliar lands, set the rank of your journey.

- * Troublesome journey: 3 progress per waypoint.
- * Dangerous journey: 2 progress per waypoint.
- * Formidable journey: 1 progress per waypoint.
- * Extreme journey: 2 ticks per waypoint.
- * Epic journey: 1 tick per waypoint.

Then, for each segment of your journey, roll +wits. If you are setting off from a community with which you share a bond, add +1 to your initial roll.

On a **strong hit**, you reach a waypoint. If the waypoint is unknown to you, envision it (*Ask the Oracle* if unsure). Then, choose one.

- * You make good use of your resources: Mark progress.
- * You move at speed: Mark progress and take +1 momentum, but suffer -1 supply.

On a **weak hit**, you reach a waypoint and mark progress, but suffer -1 supply.

On a **miss**, you are waylaid by a perilous event. *Pay the Price*.

Follow a Path is a bonus move for this guide. It is adapted from the *Set a Course* move in *Starforged*—which itself is adapted from the *Escape the Depths* move in *Delve*.

Follow a Path resolves a journey across familiar lands in one roll. Make this move to give your travels uncertainty and risk, but not the full focus of a usual journey. In particular, it is useful for resolving the return leg of a round trip.

When traveling with allies, let each member of the company suffer one or more weak hit costs as appropriate. Such are the hardships of the road.

REACH YOUR DESTINATION

Progress Move

When your journey comes to an end, roll the challenge dice and compare to your progress. Momentum is ignored on this roll.

On a **strong hit**, the situation at your destination favors you. Choose one.

- * Make another move now (not a progress move), and add +1.
- * Take +1 momentum.

On a **weak hit**, you arrive but face an unforeseen hazard or complication. Envision what you find (*Ask the Oracle* if unsure).

On a **miss**, you have gone hopelessly astray, your objective is lost to you, or you were misled about your destination. If your journey continues, clear all but one filled progress, and raise the journey's rank by one (if not already epic).

FOLLOW A PATH

When you journey along a known route, and one day blends into the next, roll +supply.

On a **strong hit**, you reach your destination and the situation favors you. Take +1 momentum.

On a **weak hit**, you complete the journey, but face a cost or complication. Choose one or more.

- * You took longer than expected.
- * You pressed on through pain, sickness, or weariness: *Endure Harm*.
- * You suffered under the burden of foul weather, worries, or fearful locations: *Endure Stress*.
- * You wasted resources.
- * You face a complication or hazard at the destination. Envision what you find (*Ask the Oracle* if unsure).

On a **miss**, you are waylaid by a dire threat, and must *Pay the Price*. If you overcome this obstacle, you may push on safely to your destination.

BEGIN THE SCENE

When you face an **extended or complex challenge**, name your objective and choose a rank as appropriate to the situation.

- * You have a clear advantage: Troublesome.
- * You are ready to act: Dangerous.
- * You are unprepared or outmatched: Formidable.

Then, activate a four-segment countdown track and *Face Danger* or *Secure an Advantage* to take action.

FACE DANGER

Scene Challenge Mode

When you attempt something risky or react to an imminent threat within a scene challenge, envision your action and roll. If you act...

- * With speed, agility, or precision: Roll +edge.
- * With charm, loyalty, or courage: Roll +heart.
- * With aggressive action, forceful defense, strength, or endurance: Roll +iron.
- * With deception, stealth, or trickery: Roll +shadow.
- * With expertise, insight, or observation: Roll +wits.

On a **strong hit**, you are successful and mark progress. On a **strong hit with a match**, mark progress twice.

On a **weak hit**, you are successful and mark progress, but also encounter a complication or setback. Envision what occurs and mark a countdown segment.

On a **miss**, you fail, or a momentary success is undermined by a dramatic turn of events. Mark a countdown segment and *Pay the Price*. On a miss with a match, mark two segments and *Pay the Price*.

The scene challenge moves are adapted from *Starforged*.

SECURE AN ADVANTAGE

Scene Challenge Mode

When you assess a situation, make preparations, or attempt to gain leverage within a scene challenge, envision your action and roll. If you act...

- * With speed, agility, or precision: Roll +edge.
- * With charm, loyalty, or courage: Roll +heart.
- * With aggressive action, forceful defense, strength, or endurance: Roll +iron.
- * With deception, stealth, or trickery: Roll +shadow.
- * With expertise, insight, or observation: Roll +wits.

On a **strong hit**, take both. On a **strong hit with a match**, take both and mark progress. On a **weak hit**, choose one.

- * Take +2 momentum
- * Add +1 on your next move (not a progress move)

On a **miss**, you fail or your assumptions betray you. Mark a countdown segment and *Pay the Price*. On a miss with a match, mark two segments and *Pay the Price*.

FINISH THE SCENE

Progress Move

When the scene challenge countdown track or progress track is filled, or when events lead to the scene's conclusion, roll the challenge dice and compare to your progress.

On a **strong hit**, you achieve your objective unconditionally.

On a **weak hit**, you succeed, but not without cost. You must *Pay the Price*. Make this a minor cost relative to the scope of the scene.

On a **miss**, you fail or are undermined by a dire turn of events. *Pay the Price*.

SWEAR AN IRON VOW

When you swear upon iron to **complete a quest**, write your vow and give the quest a rank. Then, roll +heart. If you make this vow to a person or community with whom you share a bond, add +1.

On a **strong hit**, you are emboldened and it is clear what you must do next (*Ask the Oracle* if unsure). Take +2 momentum.

On a **weak hit**, you are determined but begin your quest with more questions than answers. Take +1 momentum, and envision what you do to find a path forward.

On a **miss**, you face a significant obstacle before you can begin your quest. Envision what stands in your way (*Ask the Oracle* if unsure), and choose one.

- * You press on: Suffer -2 momentum, and do what you must to overcome this obstacle.
- * You give up: *Forsake Your Vow*.

REACH A MILESTONE

When you make significant progress in your quest by doing any of the following...

- * overcoming a critical obstacle
- * completing a perilous journey
- * solving a complex mystery
- * defeating a powerful threat
- * gaining vital support
- * acquiring a crucial item

...you may mark progress per the rank of the vow.

- * Troublesome quest: Mark 3 progress.
- * Dangerous quest: Mark 2 progress.
- * Formidable quest: Mark 1 progress.
- * Extreme quest: Mark 2 ticks.
- * Epic quest: Mark 1 tick.

For improved readability, the *Reach a Milestone* move is formatted similarly to the *Starforged* version.

FULFILL YOUR VOW

Progress Move

When you achieve what you believe to be the fulfillment of your vow, roll the challenge dice and compare to your progress. Momentum is ignored on this roll.

On a **strong hit**, your quest is complete. Mark experience (troublesome=1; dangerous=2; formidable=3; extreme=4; epic=5).

On a **weak hit**, there is more to be done or you realize the truth of your quest. Envision what you discover (*Ask the Oracle* if unsure). Then, mark experience (troublesome=0; dangerous=1; formidable=2; extreme=3; epic=4). You may *Swear an Iron Vow* to set things right. If you do, add +1.

On a **miss**, your quest is undone. Envision what happens (*Ask the Oracle* if unsure), and choose one.

- * You recommit: Clear all but one filled progress, and raise the quest's rank by one (if not already epic).
- * You give up: *Forsake Your Vow*.

FORSAKE YOUR VOW

When you renounce your quest, **betray your promise, or the goal is lost to you**, clear the vow and *Endure Stress*. You suffer -spirit equal to the rank of your quest (troublesome=1; dangerous=2; formidable=3; extreme=4; epic=5).

If the vow was made to a person or community with whom you share a bond, *Test Your Bond* when you next meet.

ADVANCE

When you focus on your skills, receive training, find inspiration, earn a reward, or gain a companion, you may spend 3 experience to add a new asset, or 2 experience to upgrade an asset.

PAY THE PRICE

When you suffer the outcome of a move, choose one.

- * Make the most obvious negative outcome happen.
- * Envision two negative outcomes. Rate one as 'likely', and *Ask the Oracle* using the yes/no table. On a 'yes', make that outcome happen. Otherwise, make it the other.
- * Roll on the following table. If you have difficulty interpreting the result to fit the current situation, roll again.

Roll	Price
1–2	Roll again and apply that result but make it worse. If you roll this result yet again, think of something dreadful that changes the course of your quest (<i>Ask the Oracle</i> if unsure).
3–5	A person or community you trusted loses faith in you, or acts against you.
6–9	A person or community you care about is exposed to danger.
10–16	You are separated from something or someone.
17–23	Your action has an unintended effect.
24–32	Something of value is lost or destroyed.
33–41	The current situation worsens.
42–50	A new danger or foe is revealed.
51–59	It causes a delay or puts you at a disadvantage.
60–68	It is harmful.
69–76	It is stressful.
77–85	A surprising development complicates your quest.
86–90	It wastes resources.
91–94	It forces you to act against your best intentions.
95–98	A friend, companion, or ally is put in harm's way (or you are, if alone).
99–100	Roll twice more on this table. Both results occur. If they are the same result, make it worse.

ASK THE ORACLE

When you seek to resolve questions, discover details in the world, determine how other characters respond, or trigger encounters or events, you may...

	Odds	The answer is yes if you roll...
* Draw a conclusion: Decide the answer based on the most interesting and obvious result.	Almost Certain	11 or greater
* Ask a yes/no question: Decide the odds of a 'yes', and roll on the table to check the answer.	Likely	26 or greater
	50/50	51 or greater
* Pick two: Envision two options. Rate one as 'likely', and roll on the table to see if it is true. If not, it is the other.	Unlikely	76 or greater
	Small Chance	91 or greater
* Spark an idea: Brainstorm or use a random prompt.	On a match, an extreme result or twist has occurred.	

COMPEL

When you attempt to persuade someone to do something, envision your approach and roll. If you...

- * Charm, pacify, barter, or convince: Roll +heart (add +1 if you share a bond).
- * Threaten or incite: Roll +iron.
- * Lie or swindle: Roll +shadow.

On a **strong hit**, they'll do what you want or share what they know. Take +1 momentum. If you use this exchange to *Gather Information*, make that move now and add +1.

On a **weak hit**, as above, but they ask something of you in return. Envision what they want (*Ask the Oracle* if unsure).

On a **miss**, they refuse or make a demand which costs you greatly. *Pay the Price.*

AID YOUR ALLY

When you Secure an Advantage in direct support of an ally, and score a hit, they (instead of you) can take the benefits of the move. If you are in combat and score a **strong hit**, you and your ally have initiative.

SOJOURN

When you spend time in a community seeking assistance, roll +heart. If you share a bond, add +1.

On a **strong hit**, you and your allies may each choose two from within the categories below. On a **weak hit**, choose one. If you share a bond, choose one more.

On a hit, you and your allies may each focus on one of your chosen recover actions and roll +heart again. If you share a bond, add +1. On a **strong hit**, take +2 more for that action. On a **weak hit**, take +1 more. On a **miss**, it goes badly and you lose all benefits for that action.

Clear a Condition

- * Mend: Clear a wounded debility and take +1 health.
- * Hearten: Clear a shaken debility and take +1 spirit.
- * Equip: Clear an unprepared debility and take +1 supply.

Recover

- * Recuperate: Take +2 health for yourself and any companions.
- * Consort: Take +2 spirit.
- * Provision: Take +2 supply.
- * Plan: Take +2 momentum.

Provide Aid

- * Take a quest: Envision what this community needs, or what trouble it is facing (*Ask the Oracle* if unsure). If you chose to help, *Swear an Iron Vow* and add +1.

On a **miss**, you find no help here. *Pay the Price.*

FORGE A BOND

When you spend significant time with a person or community, stand together to face hardships, or make sacrifices for their cause, you can attempt to create a bond. When you do, roll +heart. If you make this move after you successfully *Fulfill Your Vow* to their benefit, you may reroll any dice.

On a **strong hit**, make note of the bond, mark a tick on your bond progress track, and choose one.

- * Take +1 spirit.
- * Take +2 momentum.

On a **weak hit**, they ask something more of you first. Envision what it is (*Ask the Oracle* if unsure), do it (or *Swear an Iron Vow*), and mark the bond. If you refuse or fail, *Pay the Price*.

On a **miss**, they reject you. *Pay the Price*.

TEST YOUR BOND

When your bond is tested through conflict, betrayal, or circumstance, roll +heart.

On a **strong hit**, this test has strengthened your bond. Choose one.

- * Take +1 spirit.
- * Take +2 momentum.

On a **weak hit**, your bond is fragile and you must prove your loyalty. Envision what they ask of you (*Ask the Oracle* if unsure), and do it (or *Swear an Iron Vow*). If you refuse or fail, clear the bond and *Pay the Price*.

On a **miss**, or if you have no interest in maintaining this relationship, clear the bond and *Pay the Price*.

DRAW THE CIRCLE

When you challenge someone to a formal duel, or accept a challenge, roll +heart. If you share a bond with this community, add +1.

On a **strong hit**, take +1 momentum. You may also choose up to two boasts and take +1 momentum for each.

On a **weak hit**, you may choose one boast in exchange for +1 momentum.

- * Grant first strike: Your foe has initiative.
- * Bare yourself: Take no benefit of armor or shield; your foe's harm is +1.
- * Hold no iron: Take no benefit of weapons; your harm is 1.
- * Bloody yourself: *Endure Harm* (1 harm).
- * To the death: One way or another, this fight must end with death.

On a **miss**, you begin the duel at a disadvantage. Your foe has initiative. *Pay the Price*.

Then, make moves to resolve the fight. If you are the victor, you may make a lawful demand, and your opponent must comply or forfeit their honor and standing. If you refuse the challenge, surrender, or are defeated, they make a demand of you.

WRITE YOUR EPILOGUE

Progress Move

When you retire from your life as **Ironsworn**, envision two things: What you hope for, and what you fear. Then, roll the challenge dice and compare to your bonds. Momentum is ignored on this roll.

On a **strong hit**, things come to pass as you hoped.

On a **weak hit**, your life takes an unexpected turn, but not necessarily for the worse. You find yourself spending your days with someone or in a place you did not foresee. Envision it (*Ask the Oracle* if unsure).

On a **miss**, your fears are realized.

ENTER THE FRAY

When you enter into combat, set the rank of each of your foes.

- * Troublesome foe: 3 progress per harm; inflicts 1 harm.
- * Dangerous foe: 2 progress per harm; inflicts 2 harm.
- * Formidable foe: 1 progress per harm; inflicts 3 harm.
- * Extreme foe: 2 ticks per harm; inflicts 4 harm.
- * Epic foe: 1 tick per harm; inflicts 5 harm.

Then, roll to determine who is in control. If you are...

- * Facing off against your foe: Roll +heart.
- * Moving into position against an unaware foe, or striking without warning: Roll +shadow.
- * Ambushed: Roll +wits.

On a **strong hit**, take +2 momentum. You have initiative.

On a **weak hit**, choose one.

- * Bolster your position: Take +2 momentum.
- * Prepare to act: Take initiative.

On a **miss**, combat begins with you at a disadvantage. *Pay the Price*. Your foe has initiative.

STRIKE

When you have initiative and attack in close quarters, roll +iron. When you have initiative and attack at range, roll +edge.

On a **strong hit**, inflict +1 harm. You retain initiative.

On a **weak hit**, inflict your harm and lose initiative.

On a **miss**, your attack fails and you must *Pay the Price*. Your foe has initiative.

MANAGING INITIATIVE

* When you score a **strong hit on any move**, you take or retain initiative.

* When you score a **weak hit or miss on any move**, you lose initiative to your foe.

When you have initiative, make proactive moves:

- * *Strike* to attack.
- * *Secure an Advantage* to outwit or outmaneuver your foe, or to setup another move.
- * *Face Danger* to overcome an obstacle or escape.
- * *Aid Your Ally* to bolster a PC ally.
- * *Compel* to force your foe to agree to your demands.
- * *End the Fight* to finish the fight against this foe.

When you lose initiative to your foe, make reactive moves:

- * *Clash* to fight back.
- * *Face Danger* to focus on defense, overcome an obstacle, or flee.
- * *Compel* to offer your surrender.
- * *Turn the Tide* (once per fight) to steal initiative.

CLASH

When your foe has initiative and you fight with them in close quarters, roll +iron. When you exchange a volley at range, or shoot at an advancing foe, roll +edge.

On a **strong hit**, inflict your harm and choose one. You have the initiative.

- * You bolster your position: Take +1 momentum.
- * You find an opening: Inflict +1 harm.

On a **weak hit**, inflict your harm, but then *Pay the Price*. Your foe has initiative.

On a **miss**, you are outmatched and must *Pay the Price*. Your foe has initiative.

TURN THE TIDE

Once per fight, when you risk it all, you may steal initiative from your foe to make a move (not a progress move). When you do, add +1 and take +1 momentum on a hit.

If you fail to score a hit on that move, you must suffer a dire outcome. *Pay the Price.*

BATTLE

When you fight a battle, and it happens in a blur, envision your objective and roll. If you primarily...

- * Fight at range, or using your speed and the terrain to your advantage: Roll +edge.
- * Fight depending on your courage, allies, or companions: Roll +heart.
- * Fight in close to overpower your opponents: Roll +iron.
- * Fight using trickery to befuddle your opponents: Roll +shadow.
- * Fight using careful tactics to outsmart your opponents: Roll +wits.

On a **strong hit**, you achieve your objective unconditionally. Take +2 momentum.

On a **weak hit**, you achieve your objective, but not without cost. *Pay the Price.*

On a **miss**, you are defeated and the objective is lost to you. *Pay the Price.*

END THE FIGHT

Progress Move

When you make a move to take **decisive action**, and score a strong hit, you may resolve the outcome of this fight. If you do, roll the challenge dice and compare to your progress. Momentum is ignored on this roll.

On a **strong hit**, this foe is no longer in the fight. They are killed, out of action, flee, or surrender as appropriate to the situation and your intent (*Ask the Oracle* if unsure).

On a **weak hit**, as above, but you must also choose one.

- * It's worse than you thought: *Endure Harm.*
- * You are overcome: *Endure Stress.*
- * Your victory is short-lived: A new danger or foe appears, or an existing danger worsens.
- * You suffer collateral damage: Something of value is lost or broken, or someone important must pay the cost.
- * You'll pay for it: An objective falls out of reach.
- * Others won't forget: You are marked for vengeance.

On a **miss**, you have lost this fight. *Pay the Price.*

For an alternate *End the Fight* with the flexibility of the *Starforged* move, replace the trigger with the following. With this change, you may make the progress roll without a strong hit on a preceding move—but at greater risk of failure.

When you take **decisive action to resolve the outcome of this fight**, roll the challenge dice and compare to your progress. Momentum is ignored on this roll.

If you do not have initiative, count a strong hit as a weak hit, and a weak hit as a miss.

ENDURE HARM

When you face physical damage, suffer -health equal to your foe's rank or as appropriate to the situation. If your health is 0, suffer -momentum equal to any remaining -health. Then, roll +health or +iron, whichever is higher.

On a **strong hit**, choose one.

- * Shake it off: If your health is greater than 0, suffer -1 momentum in exchange for +1 health.
- * Embrace the pain: Take +1 momentum.

On a **weak hit**, you press on.

On a **miss**, also suffer -1 momentum. If you are at 0 health, you must mark wounded or maimed (if currently unmarked) or roll on the following table.

Roll	Harm Outcome
1–10	The harm is mortal. <i>Face Death</i> .
11–20	You are dying. You need to <i>Heal</i> within an hour or two, or <i>Face Death</i> .
21–35	You are unconscious and out of action. If left alone, you come back to your senses in an hour or two. If you are vulnerable to a foe not inclined to show mercy, <i>Face Death</i> .
36–50	You are reeling and fighting to stay conscious. If you engage in any vigorous activity (such as running or fighting) before taking a breather for a few minutes, roll on this table again (before resolving the other move).
51–100	You are battered but still standing.

FACE DEATH

When you are brought to the brink of death, and glimpse the world beyond, roll +heart.

On a **strong hit**, death rejects you. You are cast back into the mortal world.

On a **weak hit**, choose one.

- * You die, but not before making a noble sacrifice. Envision your final moments.
- * Death desires something of you in exchange for your life. Envision what it wants (*Ask the Oracle* if unsure), and *Swear an Iron Vow* (formidable or extreme) to complete that quest. If you fail to score a hit when you *Swear an Iron Vow*, or refuse the quest, you are dead. Otherwise, you return to the mortal world and are now cursed. You may only clear the cursed debility by completing the quest.

On a **miss**, you are dead.

COMPANION ENDURE HARM

When your companion faces physical damage, they suffer -health equal to the amount of harm inflicted. If your companion's health is 0, exchange any leftover -health for -momentum.

Then, roll +heart or +your companion's health, whichever is higher.

On a **strong hit**, your companion rallies. Give them +1 health.

On a **weak hit**, your companion is battered. If their health is 0, they cannot assist you until they gain at least +1 health.

On a **miss**, also suffer -1 momentum. If your companion's health is 0, they are gravely wounded and out of action. Without aid, they die in an hour or two.

If you roll a miss with a 1 on your action die, and your companion's health is 0, they are now dead. Take 1 experience for each marked ability on your companion asset, and remove it.

ENDURE STRESS

When you face **mental shock** or **despair**, suffer -spirit equal to your foe's rank or as appropriate to the situation. If your spirit is 0, suffer -momentum equal to any remaining -spirit. Then, roll +spirit or +heart, whichever is higher.

On a **strong hit**, choose one.

- * Shake it off: If your spirit is greater than 0, suffer -1 momentum in exchange for +1 spirit
- * Embrace the darkness: Take +1 momentum

On a **weak hit**, you press on.

On a **miss**, also suffer -1 momentum. If you are at 0 spirit, you must mark shaken or corrupted (if currently unmarked) or roll on the following table.

Roll Stress Outcome

1-10	You are overwhelmed. <i>Face Desolation</i> .
11-25	You give up. <i>Forsake Your Vow</i> (if possible, one relevant to the current crisis).
26-50	You give in to a fear or compulsion, and act against your better instincts.
51-100	You persevere.

FACE DESOLATION

When you are brought to the brink of **desolation**, roll +heart.

On a **strong hit**, you resist and press on.

On a **weak hit**, choose one.

- * Your spirit or sanity breaks, but not before you make a noble sacrifice. Envision your final moments.
- * You see a vision of a dreaded event coming to pass. Envision that dark future (*Ask the Oracle* if unsure), and *Swear an Iron Vow* (formidable or extreme) to prevent it. If you fail to score a hit when you *Swear an Iron Vow*, or refuse the quest, you are lost. Otherwise, you return to your senses and are now tormented. You may only clear the tormented debility by completing the quest.

On a **miss**, you succumb to despair or horror and are lost.

OUT OF SUPPLY

When your supply is **exhausted** (reduced to 0), mark unprepared. If you suffer additional -supply while unprepared, you must exchange each additional -supply for any combination of -health, -spirit or -momentum as appropriate to the circumstances.

FACE A SETBACK

When your momentum is at its **minimum** (-6), and you suffer **additional -momentum**, choose one.

- * Exchange each additional -momentum for any combination of -health, -spirit, or -supply as appropriate to the circumstances.
- * Envision an event or discovery (*Ask the Oracle* if unsure) which undermines your progress in a current quest, journey or fight. Then, for each additional -momentum, clear 1 unit of progress on that track per its rank (troublesome=clear 3 progress; dangerous=clear 2 progress; formidable=clear 1 progress; extreme=clear 2 ticks; epic=clear 1 tick).

DISCOVER A SITE

When you resolve to enter a **perilous site in pursuit of an objective**, choose the theme and domain which best represent its nature, and give it a rank.

- * Troublesome site: 3 progress per area.
- * Dangerous site: 2 progress per area.
- * Formidable site: 1 progress per area.
- * Extreme site: 2 ticks per area.
- * Epic site: 1 tick per area.

If you are returning to a previously explored site, roll both challenge dice, take the lowest value, and clear that number of progress boxes.

Then, *Delve the Depths* to explore this place.

DELVE THE DEPTHS

When you **traverse an area within a perilous site**, envision your surroundings (*Ask the Oracle* if unsure). Then, consider your approach. If you navigate this area...

- * With haste: Roll +edge.
- * With stealth or trickery: Roll +shadow.
- * With observation, intuition, or expertise: Roll +wits.

On a **strong hit**, you delve deeper. Mark progress and *Find an Opportunity*.

On a **weak hit**, roll on the following table according to your stat.

On a **miss**, *Reveal a Danger*.

Edge	Shadow	Wits	Weak Hit Outcome
1–45	1–30	1–40	Mark progress and <i>Reveal a Danger</i> .
46–65	31–65	41–55	Mark progress.
66–75	66–90	56–80	Choose one: Mark progress or <i>Find an Opportunity</i> .
76–80	91–99	81–99	Take both: Mark progress and <i>Find an Opportunity</i> .
81–100	100	100	Mark progress twice and <i>Reveal a Danger</i> .

CHOOSING A THEME AND DOMAIN

When you *Discover a Site*, choose the theme and domain that best fit your understanding of the location. If you're not sure, randomly draw from the printed site cards, or use the random tables on page 76 of this guide.

As you *Delve the Depths*, check the theme and domain tables to help envision the features and dangers of the site. Or intersperse results on those tables with other inspirational prompts, such as the Core oracles on pages 50–53.

FIND AN OPPORTUNITY

When you encounter a helpful situation or feature within a site, roll on the following table.

If you are making this move as a result of a strong hit on *Delve the Depths*, you may pick or envision an opportunity instead of rolling. Then, choose one.

- * Gain insight or prepare: Take +1 momentum.
- * Take action now: You and any allies may make a move (not a progress move) which directly leverages the opportunity. When you do, add +1 and take +1 momentum on a hit.

Roll	Opportunity
1–25	The terrain favors you, or you find a hidden path.
26–45	An aspect of the history or nature of this place is revealed.
46–57	You locate a secure area.
58–68	A clue offers insight or direction.
69–78	You get the drop on a denizen.
79–86	This area provides an opportunity to scavenge, forage, or hunt.
87–90	You locate an interesting or helpful object.
91–94	You are alerted to a potential threat.
95–98	You encounter a denizen who might support you.
99–100	You encounter a denizen in need of help.

REVEAL A DANGER

When you encounter a risky situation within a site, envision the danger or roll on the following table.

Standard	Alternate	Danger
1–30	—	Check the theme card.
31–45	—	Check the domain card.
46–57	1–22	You encounter a hostile denizen.
58–68	23–42	You face an environmental or architectural hazard.
69–76	43–58	A discovery undermines or complicates your quest.
77–79	59–64	You confront a harrowing situation or sensation.
80–82	65–70	You face the consequences of an earlier choice or approach.
83–85	71–76	Your way is blocked or trapped.
86–88	77–82	A resource is diminished, broken, or lost.
89–91	83–88	You face a perplexing mystery or tough choice.
92–94	89–94	You lose your way or are delayed.
95–100	95–100	Roll twice more on this table. Both results occur. If they are the same result, make it worse.

Use the standard *Reveal a Danger* result when exploring a site with a theme and domain. Otherwise, use the alternate roll.

LOCATE YOUR OBJECTIVE

When your exploration of a site comes to an end, roll the challenge dice and compare to your progress. Momentum is ignored on this roll.

On a **strong hit**, you locate your objective and the situation favors you. Choose one.

- * Make another move now (not a progress move), and add +1.
- * Take +1 momentum.

On a **weak hit**, you locate your objective but face an unforeseen hazard or complication. Envision what you find (*Ask the Oracle* if unsure).

On a **miss**, your objective falls out of reach, you have been misled about the nature of your objective, or you discover that this site holds unexpected depths. If you continue your exploration, clear all but one filled progress and raise the site's rank by one (if not already epic).

ESCAPE THE DEPTHS

When you flee or withdraw from a site, consider the situation and your approach. If you...

- * Find the fastest way out: Roll +edge.
- * Steel yourself against the horrors of this place: Roll +heart.
- * Fight your way out: Roll +iron.
- * Retrace your steps or locate an alternate path: Roll +wits.
- * Keep out of sight: Roll +shadow.

On a **strong hit**, you make your way safely out of the site. Take +1 momentum.

On a **weak hit**, you find your way out, but this place exacts its price. Choose one.

- * You are weary or wounded:
Endure Harm.
- * The experience leaves you shaken:
Endure Stress.
- * You are delayed, and it costs you.
- * You leave behind something important.
- * You face a new complication as you emerge from the depths.
- * A denizen plots their revenge.

On a **miss**, a dire threat or imposing obstacle stands in your way. *Reveal a Danger*. If you survive, you may make your escape.

MARK YOUR FAILURE

When you make a move and score a miss, mark a tick on your failure track. When you score a miss when making a progress move, mark two ticks.

LEARN FROM YOUR FAILURES

Progress Move

When you spend time reflecting on your hardships and missteps, and your failure track is 6 or greater, roll your challenge dice and compare to your progress. Momentum is ignored on this roll.

On a **strong hit**, you commit to making a dramatic change. Take 3 experience and clear all progress. Then, choose one.

- * Adjust your approach: Discard a single asset, and take 2 experience for each marked ability.
- * Make an oath: *Swear an Iron Vow*, and reroll any dice.
- * Ready your next steps: Take +3 momentum.

On a **weak hit**, you learn from your mistakes. Take 2 experience and clear all progress.

On a **miss**, you learned the wrong lessons. Take 1 experience and clear all progress. Then, envision how you set off on an ill-fated path.

STARTING A FAILURE TRACK

The failure track is a standard progress track with ten boxes. You can add a failure track to a new character, or introduce this option to an existing character.

MARKING FAILURE

Make the *Mark Your Failure* move when you score a miss on any action or progress roll.

MAKING THE PROGRESS MOVE

Once you mark six full progress boxes on your failure track, you may make the *Learn From Your Failures* move to take stock of the perils you've faced and the times you weren't up to the task.

ASSET COST ADJUSTMENTS

If you want to use the failure moves but prefer to keep character growth at a slower pace, adjust the cost of assets when you *Advance* as follows:

- * Add a new asset: 5 experience (instead of 3).
- * Upgrade an asset: 3 experience (instead of 2).

INTRODUCING A THREAT

When you *Swear an Iron Vow*, you can associate a threat with the quest. The threat is a being, faction, or situation responsible for the problem that motivates your vow, or is the adversary most directly opposing you.

To learn about threats, see Chapter 6 of the *Delve* rulebook (page 151).

ADVANCING A THREAT

As you encounter setbacks or delays, make the *Advance a Threat* move. If you must mark menace, fill the next available box in the menace track (the small inset boxes on the vow progress track).

RESOLVING A THREAT

If the threat succeeds...

When you mark the tenth box in a threat's menace track, the threat achieves its goal. You must *Forsake Your Vow* for the associated quest.

If you Fulfill Your Vow...

When you *Fulfill Your Vow*, consider the threat's role and weave that into the move's outcome.

- * If you score a strong hit, you defeat or outwit the threat.
- * If you score a weak hit, you succeed, but not unconditionally. Perhaps the threat reveals a new aspect of their scheme or rebounds to pose a new danger.
- * If you score a miss, you fail against the threat. If you recommit to the quest, you can retain the threat as the antagonist for the new vow. When you do, give them a new goal and clear the menace track.

If you Forsake Your Vow...

When you *Forsake Your Vow* before marking the tenth box in a threat's menace track, you no longer oppose that threat. They will achieve their goal as an inevitable consequence of your failure.

ADVANCE A THREAT

When you give ground to a threat through inaction, failure, or delay, roll on the table below and envision how the change manifests in your world (*Ask the Oracle* if unsure).

Roll	Threat Action
1–30	The threat readies its next step, or a new danger looms. If you are in a position to prevent this development, you may attempt to do so. If you succeed, <i>Reach a Milestone</i> . Otherwise, mark menace.
31–70	The threat works subtly to advance toward its goal, or the danger escalates. Mark menace.
71–100	The threat makes a dramatic and immediate move, or a major event reveals new complications. Mark menace twice.

On a match, this development also exposes a surprising aspect of the threat's plan or nature.

If you mark the last box on the threat's menace track, the threat achieves its goal, or the final dire outcome occurs. You must *Forsake Your Vow*.

TAKE A HIATUS

When you spend an extended time recovering in a safe place while a threat is active, do any of the following.

- * Clear any marked conditions.
- * Set your health, spirit, supply, and companion health to their maximum values.
- * Set your momentum to its reset value.

Then, for each active threat, *Advance a Threat*.

GAIN A RARITY

When you take possession of an object of power, you may spend 3 experience to link the object to one of your assets (path, combat talent, or ritual). If you do, that asset and any marked abilities are augmented.

Give the augmented asset a special mark, and make note of the name and nature of the rarity.

WIELD A RARITY

When you make a move aided by an augmented asset, roll your rarity die in place of your action die.

On any result with 6 showing on the rarity die, the power of the rarity manifests in a dramatic and obvious way. You score an automatic strong hit and take +1 momentum.

On a hit with 5 showing on the rarity die, the power of the rarity manifests in a subtle way. Take +1 momentum.

On a miss with 1 showing on the rarity die, the rarity's power fails or works against you.

WONDROUS OBJECTS FOR YOUR IRONSWORN CAMPAIGN

Rarities are strange and mysterious objects of power. They may be handed down through generations, lost or hidden away in the depths of perilous sites, coveted by powerful forces, or forgotten and discarded. When you obtain a rarity through the course of your story, you gain a subtle but lasting impact on your character and their abilities.

To learn about rarities, see pages 172–200 of the *Delve* rulebook.

OBTAINING A RARITY

Obtaining a rarity is typically part of a vow-driven quest, either as a reward from another character (for completing a quest in their service) or as a personal goal. Obstacles in your path can include uncovering the location or nature of a rarity, delving into perilous sites, or defeating forces seeking to take the rarity for themselves.

When you claim the rarity, make the *Gain a Rarity* move to link it to a single existing asset. That asset is now augmented.

If you want to instead use the asset-specific experience costs for rarities, see page 175 of the *Delve* rulebook for the cost table, and pages 182–200 for sample rarities.

USING A RARITY

When you make an action roll using or supported by an augmented asset, roll a special D6 in place of your action die. This is your rarity die. Check the *Wield a Rarity* move to see if the rarity bolsters the outcome.
